TOP ELECTRIC RANGE 4 PYROCERAM PLATES

## PRODUCT DESCRIPTION

Stainless steel frame. Athermic thermoset plastic knobs.

Glass ceramic plate with a thickness suitable to transmit the heat. **Designed cooking areas** marked by pots suitable for use.

Heat intensity regulated through an energy regulator, which changes the working time of the special infra-red heating element placed under the glass ceramic plate.

Manually-reactivating safety thermostat to protect the glass ceramic plate against overheating.

Perfectly smooth glass ceramic surface for **easy cleaning**.

**Wide work surface:** shifting pots and pans becomes faster and more comfortable.

Continuous power control.

Accessories available **on demand**.
